EXPERIENCE

Ignite KY, Remote— *Lead Front-End Developer*

April 2023 - Present

Collaborated with a team to design, develop, and deploy engaging and functional websites for clients.

Contributed to client meetings, gathering requirements and proposing innovative solutions aligned with client goals.

Created responsive and visually appealing web interfaces using HTML, CSS, JavaScript, and modern web technologies.

Optimized websites for search engine visibility, employing on-page optimization, keyword analysis, and metadata implementation.

Troubleshoot and resolved technical issues promptly, ensuring minimal disruption to website functionality and user experience.

Stayed up-to-date with industry trends, emerging technologies, and best practices in web development.

Contributed to internal initiatives, providing feedback and fostering a collaborative and innovative work environment.

Site Scout— *Founder, Lead Developer*

April 2023 - Present

Conceptualized, designed, and developed Site Scout, a SaaS application for effortless on-page SEO optimization.

Created a robust and scalable architecture, incorporating industry best practices and modern technologies.

Developed the front-end and back-end using React, Remix, Firebase, and Stripe.

Designed an intuitive and user-friendly interface, simplifying complex tasks for users.

Integrated secure payment gateways and subscription management systems.

SKILLS

Proficient in HTML, CSS, and JavaScript.

Strong knowledge of React, Vue, Svelte and other modern front-end frameworks.

Experienced in designing and developing responsive web applications for desktop and mobile devices.

Knowledge of version control systems such as Git.

Experience in integrating APIs and third-party libraries.

Knowledge of SQL and no-SQL database implementations.

Experienced with back-end frameworks like NextJS, Remix, and SvelteKit.

Excellent problem solving and creative thinking skills.

Familiar with “Backend as a service” platforms such as Firebase and Supabase.

Implementation knowledge of popular payment processors such as Stripe.

Conducted thorough testing and debugging for reliability and stability.

Managed deployment, hosting, and maintenance of the application.

Freelance— *Web Developer*

February 2022 - April 2023

Engaged in direct client communication, understanding their requirements, goals, and target audience for their website.

Utilized effective project management techniques to plan, design, develop, and launch tailored websites.

Developed websites using front-end and back-end technologies, including HTML, CSS, JavaScript, and relevant frameworks or CMS.

Employed responsive web design techniques for seamless user experiences across devices.

Assisted clients with website deployment, domain registration, hosting setup, and content migration.
